Perforin Antibody
Purified Rabbit Polyclonal Antibody
Catalog # ABV11512

Specification

Perforin Antibody - Product Information

Application	**WB, IHC, IF, IP**
Primary Accession	P35763.1
Other Accession	NP_059026
Reactivity	**Human, Mouse, Rat**
Host	**Rabbit**
Clonality	**Polyclonal**
Isotype	**Rabbit IgG**

Perforin Antibody - Additional Information

Other Names
PFP, P1 , FLH2 , HPLH2, PRF1, Cytolysin , MGC65093

Target/Specificity
Perforin

Formulation
100 µg (0.5 mg/ml) affinity purified rabbit anti-Perforin polyclonal antibody in phosphate buffered saline (PBS), pH 7.2, containing 30% glycerol, 0.5% BSA, 0.01% thimerosal.

Handling
The antibody solution should be gently mixed before use.

Background Descriptions

Precautions
Perforin Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

Perforin Antibody - Protein Information

Perforin Antibody - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- Immunohistochemistry
- Immunofluorescence

- Immunoprecipitation
- Flow Cytomety
- Cell Culture

Perforin Antibody - Background

Human perforin (cytolysin) is believed to be one of the major effector molecules used by cytotoxic T cells and NK cells to mediate targeted cell lysis. Perforin expression is constitutive on NK cells, but increases in resting XD8+ cytotoxic cells upon activation.
