

Resistin Antibody
Purified Rabbit Polyclonal Antibody
Catalog # ABV11604**Specification**

Resistin Antibody - Product Information

Application	WB
Primary Accession	Q70Q42
Reactivity	Rat
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG

Resistin Antibody - Additional Information**Other Names**

N/A

Target/Specificity

Resistin

Formulation

100 µg (0.5 mg/ml) affinity purified rabbit anti-rat Resistin polyclonal antibody in phosphate buffered saline (PBS), pH 7.2, containing 50% glycerol, 1% BSA, 0.02% thimerosal.

Handling

The antibody solution should be gently mixed before use.

Background Descriptions**Precautions**

Resistin Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

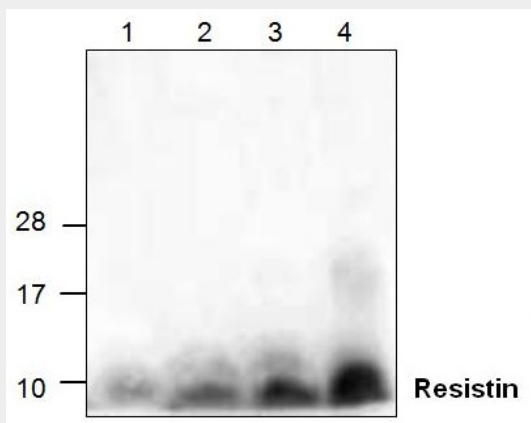

Resistin Antibody - Protein Information**Resistin Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)

- [Flow Cytometry](#)

Resistin Antibody - Images

Western blot analysis using recombinant rat Resistin. Lane1: 20ng; Lane2: 50ng; Lane3: 100ng; Lane4: 200ng.

Resistin Antibody - Background

Resistin is a new member to the family of adipocyte-secreted proteins. The biological functions of Resistin as well as its molecular target are largely unknown. Whether it promotes or antagonizes insulin action is still unclear. Recombinant rat Resistin is an 11.9 kDa protein consisting of 94 amino acid residues.
