**Integrin beta 5 Antibody (C-Term) - Product Information**

|                   |                                                                                    |
|-------------------|------------------------------------------------------------------------------------|
| Application       | WB                                                                                 |
| Primary Accession | <a href="#">P18084</a>                                                             |
| Other Accession   | <a href="#">NP_002204.2</a> , <a href="#">3693</a> , <a href="#">16419 (mouse)</a> |
| Reactivity        | Human, Mouse                                                                       |
| Predicted         | Rat, Pig, Dog, Cow                                                                 |
| Host              | Goat                                                                               |
| Clonality         | Polyclonal                                                                         |
| Concentration     | 0.5 mg/ml                                                                          |
| Isotype           | IgG                                                                                |
| Calculated MW     | 88054                                                                              |

**Integrin beta 5 Antibody (C-Term) - Additional Information****Gene ID** 3693**Other Names**

Integrin beta-5, ITGB5

**Format**

0.5 mg/ml in Tris saline, 0.02% sodium azide, pH7.3 with 0.5% bovine serum albumin

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

Integrin beta 5 Antibody (C-Term) is for research use only and not for use in diagnostic or therapeutic procedures.

**Integrin beta 5 Antibody (C-Term) - Protein Information****Name** ITGB5**Function**

Integrin alpha-V/beta-5 (ITGAV:ITGB5) is a receptor for fibronectin. It recognizes the sequence R-G-D in its ligand.

**Cellular Location**

Cell membrane; Single-pass type I membrane protein

## Integrin beta 5 Antibody (C-Term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

## Integrin beta 5 Antibody (C-Term) - Images

AF2432a (0.1 µg/ml) staining of Human Ovary lysate (35 µg protein in RIPA buffer). Primary incubation was 1 hour. Detected by chemiluminescence.

## Integrin beta 5 Antibody (C-Term) - References

Phagocytosis of rod outer segments by retinal pigment epithelial cells requires alpha(v)beta5 integrin for binding but not for internalization. Finnemann SC, Bonilha VL, Marmorstein AD, Rodriguez-Boulton E. Proc Natl Acad Sci U S A. 1997 Nov 25;94(24):12932-7. PMID: 9371778
