

**LOC729185 antibody - N-terminal region**  
**Rabbit Polyclonal Antibody**  
**Catalog # AI13001****Specification**

---

**LOC729185 antibody - N-terminal region - Product Information**

|                 |                                                             |
|-----------------|-------------------------------------------------------------|
| Application     | WB                                                          |
| Other Accession | <a href="#">XM_001129598</a> , <a href="#">XP_001129598</a> |
| Reactivity      | Human, Pig, Horse, Bovine                                   |
| Predicted       | Human                                                       |
| Host            | Rabbit                                                      |
| Clonality       | Polyclonal                                                  |
| Calculated MW   | 41kDa KDa                                                   |

**LOC729185 antibody - N-terminal region - Additional Information****Format**

Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.

**Reconstitution & Storage**

Add 50 ul of distilled water. Final anti-LOC729185 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles.

**Precautions**

LOC729185 antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.

**LOC729185 antibody - N-terminal region - Protein Information****LOC729185 antibody - N-terminal region - Protocols**

Provided below are standard protocols that you may find useful for product applications.
