

Pnrc2 antibody - N-terminal region

Rabbit Polyclonal Antibody Catalog # Al14048

Specification

Pnrc2 antibody - N-terminal region - Product Information

Application WB
Primary Accession Q66HE1

Other Accession NM 001103360, NP 001096830

Reactivity Human, Mouse, Rat, Rabbit, Pig, Horse,

Bovine, Guinea Pig, Dog

Predicted Human, Mouse, Rat, Chicken, Bovine

Host Rabbit
Clonality Polyclonal
Calculated MW 15kDa KDa

Pnrc2 antibody - N-terminal region - Additional Information

Gene ID 100125373

Alias Symbol MGC93828, Pnrc2

Other Names

Proline-rich nuclear receptor coactivator 2, Pnrc2

Format

Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.

Reconstitution & Storage

Add 50 ul of distilled water. Final anti-Pnrc2 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles.

Precautions

Pnrc2 antibody - N-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.

Pnrc2 antibody - N-terminal region - Protein Information

Name Pnrc2

Function

Involved in nonsense-mediated mRNA decay (NMD) by acting as a bridge between the mRNA decapping complex and the NMD machinery. May act by targeting the NMD machinery to the P-body and recruiting the decapping machinery to aberrant mRNAs. Required for UPF1/RENT1 localization to the P-body. Plays a role in glucocorticoid receptor- mediated mRNA degradation by interacting with the glucocorticoid receptor NR3C1 in a ligand-dependent manner when it is bound to the 5' UTR of target mRNAs and recruiting the RNA helicase UPF1 and the mRNA- decapping enzyme DCP1A, leading to RNA decay. Also acts as a nuclear receptor coactivator. May play a role in controlling the energy balance between energy storage and energy expenditure.

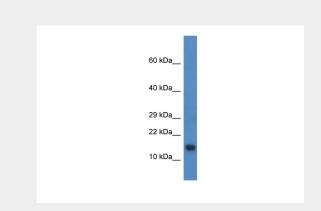

Cellular Location Nucleus. Cytoplasm, P-body

Pnrc2 antibody - N-terminal region - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Western Blot
- Blocking Peptides
- Dot Blot
- <u>Immunohistochemistry</u>
- <u>Immunofluorescence</u>
- <u>Immunoprecipitation</u>
- Flow Cytomety
- Cell Culture
