

Anti-GPR37L1 Antibody (C-Terminus)
Rabbit Anti Human Polyclonal Antibody
Catalog # ALS17493**Specification**

Anti-GPR37L1 Antibody (C-Terminus) - Product Information

Application	IHC-P
Primary Accession	O60883
Predicted	Human
Host	Rabbit
Clonality	Polyclonal
Calculated MW	52771

Anti-GPR37L1 Antibody (C-Terminus) - Additional Information**Gene ID** 9283

Alias Symbol	GPR37L1
Other Names	
GPR37L1, ETBRLP2, ET(B)R-LP-2, ETBR-LP-2, GPCR/CNS2	

Target/Specificity

Human GPR37L1. BLAST analysis of the peptide immunogen showed no homology with other human proteins.

Reconstitution & Storage

Immunoaffinity purified

Precautions

Anti-GPR37L1 Antibody (C-Terminus) is for research use only and not for use in diagnostic or therapeutic procedures.

Anti-GPR37L1 Antibody (C-Terminus) - Protein Information**Name** GPR37L1**Synonyms** ETBRLP2**Function**

G-protein coupled receptor (PubMed: [27072655](http://www.uniprot.org/citations/27072655)). Has been shown to bind the neuroprotective and glioprotective factor prosaposin (PSAP), leading to endocytosis followed by an ERK phosphorylation cascade (PubMed: [23690594](http://www.uniprot.org/citations/23690594)). However, other studies have shown that prosaposin does not increase activity (PubMed: [27072655](http://www.uniprot.org/citations/27072655), PubMed: [28688853](http://www.uniprot.org/citations/28688853)). It has been suggested that GPR37L1 is a constitutively active receptor which signals through the guanine nucleotide-binding protein G(s) subunit alpha (PubMed: [27072655](http://www.uniprot.org/citations/27072655)).

href="http://www.uniprot.org/citations/27072655" target="_blank">27072655). Participates in the regulation of postnatal cerebellar development by modulating the Shh pathway (By similarity). Regulates baseline blood pressure in females and protects against cardiovascular stress in males (By similarity). Mediates inhibition of astrocyte glutamate transporters and reduction in neuronal N-methyl-D-aspartate receptor activity (By similarity).

Cellular Location

Cell membrane; Multi-pass membrane protein. Cell projection, cilium membrane {ECO:0000250|UniProtKB:Q99JG2}; Multi-pass membrane protein. Note=Associates with the basal membrane of Bergmann glia cell primary cilia. {ECO:0000250|UniProtKB:Q99JG2}

Tissue Location

Expressed in primary cortical astrocytes (at protein level) (PubMed:23690594). Expressed in the central nervous system (PubMed:9539149).

Anti-GPR37L1 Antibody (C-Terminus) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)
