

**CFHR5 Antibody**  
**Purified Mouse Monoclonal Antibody**  
**Catalog # AO2223a****Specification****CFHR5 Antibody - Product Information**

Application	E, WB, IF, FC, IHC
Primary Accession	<a href="#">Q9BXR6</a>
Reactivity	Human
Host	Mouse
Clonality	Monoclonal
Isotype	IgG1
Calculated MW	64.4kDa KDa

**Description**

This gene is a member of a small complement factor H (CFH) gene cluster on chromosome 1. Each member of this gene family contains multiple short consensus repeats (SCRs) typical of regulators of complement activation. The protein encoded by this gene has nine SCRs with the first two repeats having heparin binding properties, a region within repeats 5-7 having heparin binding and C reactive protein binding properties, and the C-terminal repeats being similar to a complement component 3 b (C3b) binding domain. This protein co-localizes with C3, binds C3b in a dose-dependent manner, and is recruited to tissues damaged by C-reactive protein. Allelic variations in this gene have been associated, but not causally linked, with two different forms of kidney disease: membranoproliferative glomerulonephritis type II (MPGNII) and hemolytic uraemic syndrome (HUS).

**Immunogen**

Purified recombinant fragment of human CFHR5 (AA: 344-569) expressed in E. Coli.

**Formulation**

Purified antibody in PBS with 0.05% sodium azide

**CFHR5 Antibody - Additional Information**

**Gene ID** 81494

**Other Names**

Complement factor H-related protein 5, FHR-5, CFHR5, CFHL5, FHR5

**Dilution**

E~~1/10000  
WB~~1/500 - 1/2000  
IF~~1/200 - 1/1000  
FC~~1/200 - 1/400  
IHC~~1/200 - 1/1000

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

CFHR5 Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

**CFHR5 Antibody - Protein Information**

**Name** CFHR5

**Synonyms** CFHL5, FHR5

**Function**

Involved in complement regulation. The dimerized forms have avidity for tissue-bound complement fragments and efficiently compete with the physiological complement inhibitor CFH.

**Cellular Location**

Secreted.

**Tissue Location**

Expressed by the liver and secreted in plasma.

**CFHR5 Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.
