

**GDPD1 Antibody (N-term)**  
**Affinity Purified Rabbit Polyclonal Antibody (Pab)**  
**Catalog # AP11422a**

**Specification**

---

**GDPD1 Antibody (N-term) - Product Information**

|                   |                                                                 |
|-------------------|-----------------------------------------------------------------|
| Application       | WB, IHC-P,E                                                     |
| Primary Accession | <a href="#">Q8N9F7</a>                                          |
| Other Accession   | <a href="#">NP_001159465.1</a> , <a href="#">NP_001159466.1</a> |
| Reactivity        | Human                                                           |
| Host              | Rabbit                                                          |
| Clonality         | Polyclonal                                                      |
| Isotype           | Rabbit IgG                                                      |
| Calculated MW     | 36167                                                           |
| Antigen Region    | 18-46                                                           |

**GDPD1 Antibody (N-term) - Additional Information**

**Gene ID** 284161

**Other Names**

Glycerophosphodiester phosphodiesterase domain-containing protein 1, 31--,  
Glycerophosphodiester phosphodiesterase 4, GDPD1, GDE4

**Target/Specificity**

This GDPD1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 18-46 amino acids from the N-terminal region of human GDPD1.

**Dilution**

WB~~1:1000  
IHC-P~~1:10~50

**Format**

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

**Storage**

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

GDPD1 Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

**GDPD1 Antibody (N-term) - Protein Information**

**Name** GDPD1 ([HGNC:20883](#))

**Function** Hydrolyzes lysoglycerophospholipids to produce lysophosphatidic acid (LPA) and the corresponding amines (PubMed:[27637550](#), PubMed:[25596343](#)). Shows a preference for 1-O-alkyl-sn-glycero-3-phosphocholine (lyso-PAF), lysophosphatidylethanolamine (lyso-PE) and lysophosphatidylcholine (lyso-PC) (PubMed:[27637550](#), PubMed:[25596343](#)). May be involved in bioactive N-acyl ethanolamine biosynthesis from both N-acyl-lysoplasmene ethanolamine (N-acyl-lysoPlsEt) and N-acyl-lysophosphatidylethanolamine (N-acyl-lysoPE) (PubMed:[27637550](#), PubMed:[25596343](#)). In addition, hydrolyzes glycerophospho-N-acyl ethanolamine to N-acyl ethanolamine (PubMed:[27637550](#)). Does not display glycerophosphodiester phosphodiesterase activity, since it cannot hydrolyze either glycerophosphoinositol or glycerophosphocholine (By similarity).

#### Cellular Location

Cytoplasm. Membrane; Multi-pass membrane protein. Cytoplasm, perinuclear region. Endoplasmic reticulum. Note=Concentrated at the perinuclear region and the cell periphery (PubMed:18991142)

#### Tissue Location

Widely expressed with high expression level in testis.

### GDPD1 Antibody (N-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

### GDPD1 Antibody (N-term) - Images

GDPD1 Antibody (N-term) (Cat. #AP11422a) western blot analysis in HL-60 cell line lysates (35ug/lane). This demonstrates the GDPD1 antibody detected the GDPD1 protein (arrow).

GDPD1 Antibody (N-term) (Cat. #AP11422a) immunohistochemistry analysis in formalin fixed and paraffin embedded human pancreas tissue followed by peroxidase conjugation of the secondary antibody and DAB staining. This data demonstrates the use of GDPD1 Antibody (N-term) for immunohistochemistry. Clinical relevance has not been evaluated.
