**Cathepsin Q Antibody - Product Information**

|                   |                             |
|-------------------|-----------------------------|
| Application       | WB,E                        |
| Primary Accession | <a href="#">Q91ZF4</a>      |
| Other Accession   | <a href="#">NP_083912.2</a> |
| Reactivity        | Human, Mouse                |
| Host              | Rabbit                      |
| Clonality         | Polyclonal                  |
| Isotype           | Rabbit IgG                  |
| Antigen Region    | 192-221                     |

**Cathepsin Q Antibody - Additional Information****Gene ID** 104002**Other Names**

Cathepsin Q, isoform CRA\_a;CtsQ

**Target/Specificity**

This cathepsin Q antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 192-221 amino acids from human cathepsin Q.

**Dilution**

WB~~1:1000

**Format**

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

**Storage**

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

**Precautions**

Cathepsin Q Antibody is for research use only and not for use in diagnostic or therapeutic procedures.

**Cathepsin Q Antibody - Protein Information****Name** Q91ZF4**Cathepsin Q Antibody - Protocols**

Provided below are standard protocols that you may find useful for product applications.
