

SSNA1 Antibody (N-term)
Affinity Purified Rabbit Polyclonal Antibody (Pab)
Catalog # AP20483a**Specification**

SSNA1 Antibody (N-term) - Product Information

Application	WB, IHC-P,E
Primary Accession	O43805
Other Accession	O9JJ94 , Q5E9C3
Reactivity	Human
Predicted	Bovine, Mouse
Host	Rabbit
Clonality	Polyclonal
Isotype	Rabbit IgG
Calculated MW	13596
Antigen Region	25-53

SSNA1 Antibody (N-term) - Additional Information**Gene ID** 8636**Other Names**

Sjogren syndrome nuclear autoantigen 1, Nuclear autoantigen of 14 kDa, SSNA1, NA14

Target/Specificity

This SSNA1 antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 25-53 amino acids from the N-terminal region of human SSNA1.

Dilution

WB~~1:1000

IHC-P~~1:25

Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

Precautions

SSNA1 Antibody (N-term) is for research use only and not for use in diagnostic or therapeutic procedures.

SSNA1 Antibody (N-term) - Protein Information**Name** SSNA1 ([HGNC:11321](#))

Function Microtubule-binding protein which stabilizes dynamic microtubules by slowing growth and shrinkage at both plus and minus ends and serves as a sensor of microtubule damage, protecting microtubules from the microtubule-severing enzyme SPAST (PubMed:[34970964](#)). Induces microtubule branching which is mediated by the formation of long SSNA1 fibrils which guide microtubule protofilaments to split apart from the mother microtubule and form daughter microtubules (By similarity). Plays a role in axon outgrowth and branching (PubMed:[25390646](#)). Required for cell division (PubMed:[25390646](#)).

Cellular Location

Nucleus. Cytoplasm, cytoskeleton, microtubule organizing center, centrosome. Cytoplasm, cytoskeleton, microtubule organizing center, centrosome, centriole Midbody. Cytoplasm, cytoskeleton, flagellum basal body. Cytoplasm, cytoskeleton, flagellum axoneme. Cell projection, axon {ECO:0000250|UniProtKB:Q9JJ94}. Note=In sperm, strongly expressed in the basal body region with weaker expression in the axoneme (PubMed:12640030). Localizes to axon branching points in neurons (By similarity). {ECO:0000250|UniProtKB:Q9JJ94, ECO:0000269|PubMed:12640030}

Tissue Location

Widely expressed..

SSNA1 Antibody (N-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.
