

**Anti-Bovine IgG F(ab')<sub>2</sub> Secondary Antibody**  
**Rabbit Polyclonal, Unconjugated**  
**Catalog # ASR3502****Specification****Anti-Bovine IgG F(ab')<sub>2</sub> Secondary Antibody - Product Information**

|                       |                                                                                                    |
|-----------------------|----------------------------------------------------------------------------------------------------|
| Description           | <b>Anti-BOVINE IgG F(ab')<sub>2</sub> (RABBIT) Antibody</b>                                        |
| Host                  | <b>Rabbit</b>                                                                                      |
| Conjugate             | <b>Unconjugated</b>                                                                                |
| Target Species        | <b>Bovine</b>                                                                                      |
| Clonality             | <b>Polyclonal</b>                                                                                  |
| Application           | <b>,1,2,10,</b>                                                                                    |
| Application Note      | <b>ELISA 1:20,000-1:100,000;Western Blot 1:2,000-1:10,000;Immunohistochemistry 1:1,000-1:5,000</b> |
| Physical State        | <b>Lyophilized</b>                                                                                 |
| Host Isotype          | <b>IgG</b>                                                                                         |
| Target Isotype        | <b>IgG F(ab')<sub>2</sub></b>                                                                      |
| Buffer                | <b>0.01 M Sodium Phosphate, 0.15 M Sodium Chloride, pH 7.2</b>                                     |
| Immunogen             | <b>Bovine IgG F(ab')<sub>2</sub> fragment</b>                                                      |
| Reconstitution Volume | <b>5.0 mL</b>                                                                                      |
| Reconstitution Buffer | <b>Restore with deionized water (or equivalent)</b>                                                |
| Stabilizer            | <b>None</b>                                                                                        |
| Preservative          | <b>None</b>                                                                                        |

**Anti-Bovine IgG F(ab')<sub>2</sub> Secondary Antibody - Additional Information****Shipping Condition**

Ambient

**Purity**

This product is an IgG fraction antibody purified from monospecific antiserum by a multi-step process which includes delipidation, salt fractionation and ion exchange chromatography followed by extensive dialysis against the buffer stated above. Assay by immunoelectrophoresis resulted in a single precipitin arc against anti-Rabbit Serum, Bovine IgG, Bovine IgG F(ab')<sub>2</sub> and Bovine Serum. No reaction was observed against Bovine IgG F(c).

**Storage Condition**

Store vial at 4° C prior to restoration. For extended storage aliquot contents and freeze at -20° C or below. Avoid cycles of freezing and thawing. Centrifuge product if not completely clear after standing at room temperature. This product is stable for several weeks at 4° C as an undiluted liquid. Dilute only prior to immediate use.

**Precautions Note**

This product is for research use only and is not intended for therapeutic or diagnostic applications.
