

TSPAN1 Antibody (monoclonal) (M01)**Mouse monoclonal antibody raised against a partial recombinant TSPAN1.****Catalog # AT4379a****Specification**

TSPAN1 Antibody (monoclonal) (M01) - Product Information

Application	E
Primary Accession	O60635
Other Accession	NM_005727
Reactivity	Human
Host	Mouse
Clonality	Monoclonal
Isotype	IgG
Calculated MW	26301

TSPAN1 Antibody (monoclonal) (M01) - Additional Information**Gene ID** 10103**Other Names**

Tetraspanin-1, Tspan-1, Tetraspan NET-1, Tetraspanin TM4-C, TSPAN1

Target/Specificity

TSPAN1 (NP_005718, 110 a.a. ~ 211 a.a) partial recombinant protein with GST tag. MW of the GST tag alone is 26 KDa.

Format

Clear, colorless solution in phosphate buffered saline, pH 7.2 .

Storage

Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.

Precautions

TSPAN1 Antibody (monoclonal) (M01) is for research use only and not for use in diagnostic or therapeutic procedures.

TSPAN1 Antibody (monoclonal) (M01) - Protocols

Provided below are standard protocols that you may find useful for product applications.

TSPAN1 Antibody (monoclonal) (M01) - Background

The protein encoded by this gene is a member of the transmembrane 4 superfamily, also known as the tetraspanin family. Most of these members are cell-surface proteins that are characterized by the presence of four hydrophobic domains. The proteins mediate signal transduction events that play a role in the regulation of cell development, activation, growth and motility.
