

**(DANRE)edf1Antibody(C-term)**  
**Purified Rabbit Polyclonal Antibody (Pab)**  
**Catalog # Azb18721c**

## Specification

---

### (DANRE)edf1Antibody(C-term) - Product Information

|                   |                                                                                                                            |
|-------------------|----------------------------------------------------------------------------------------------------------------------------|
| Application       | WB,E                                                                                                                       |
| Primary Accession | <a href="#">Q6PBY3</a>                                                                                                     |
| Other Accession   | <a href="#">P69736</a> , <a href="#">Q9JMG1</a> , <a href="#">O60869</a> , <a href="#">Q5ZMC0</a> , <a href="#">Q3T0V7</a> |
| Reactivity        | Zebrafish                                                                                                                  |
| Predicted         | Bovine, Chicken, Human, Mouse, Rat                                                                                         |
| Host              | Rabbit                                                                                                                     |
| Clonality         | Polyclonal                                                                                                                 |
| Isotype           | Rabbit IgG                                                                                                                 |
| Antigen Region    | 122-146                                                                                                                    |

### (DANRE)edf1Antibody(C-term) - Additional Information

**Gene ID** 793036

#### Other Names

Endothelial differentiation-related factor 1 homolog, EDF-1, edf1

#### Target/Specificity

This (DANRE)edf1 antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 122-146 amino acids from the C-terminal region of (DANRE)edf1.

#### Dilution

WB~~1:1000

#### Format

Purified polyclonal antibody supplied in PBS with 0.09% (W/V) sodium azide. This antibody is purified through a protein A column, followed by peptide affinity purification.

#### Storage

Maintain refrigerated at 2-8°C for up to 2 weeks. For long term storage store at -20°C in small aliquots to prevent freeze-thaw cycles.

#### Precautions

(DANRE)edf1Antibody(C-term) is for research use only and not for use in diagnostic or therapeutic procedures.

### (DANRE)edf1Antibody(C-term) - Protein Information

**Name** edf1

**Function** Probable transcriptional coactivator.

**Cellular Location**  
Nucleus.**(DANRE)edf1Antibody(C-term) - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)

**(DANRE)edf1Antibody(C-term) - Images**

Western blot analysis of lysate from zebra fish brain tissue, using (DANRE)edf1 Antibody (C-term)(Cat. #Azb18721c). Azb18721c was diluted at 1:1000. A goat anti-rabbit IgG H&L(HRP) at 1:10000 dilution was used as the secondary antibody. Lysate at 20ug.

**(DANRE)edf1Antibody(C-term) - Background**

Probable transcriptional coactivator (By similarity).
