dik Antibody (Center) Blocking peptide

Synthetic peptide
Catalog # BP10660c

Specification

dik Antibody (Center) Blocking peptide - Product Information

Primary Accession Q9H4D1

dik Antibody (Center) Blocking peptide - Additional Information

Gene ID 54101

Format
Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage
Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions
This product is for research use only. Not for use in diagnostic or therapeutic procedures.

dik Antibody (Center) Blocking peptide - Protein Information

Name dik {ECO:0000313|EMBL:CAC04247.1}

dik Antibody (Center) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Blocking Peptides

dik Antibody (Center) Blocking peptide - Images

dik Antibody (Center) Blocking peptide - Background

dik is a serine/threonineprotein kinase that interacts with protein kinase C-delta. Theencoded protein can also activate NFkappaB and is required forkeratinocyte differentiation. This kinase undergoesautophosphorylation.

dik Antibody (Center) Blocking peptide - References
