

ZDHHC19 Antibody (C-term) Blocking peptide
Synthetic peptide
Catalog # BP11353b**Specification**

ZDHHC19 Antibody (C-term) Blocking peptide - Product Information

Primary Accession [O8WVZ1](#)
Other Accession [NP_001034706.1](#)

ZDHHC19 Antibody (C-term) Blocking peptide - Additional Information

Gene ID 131540

Other Names

Probable palmitoyltransferase ZDHHC19, Zinc finger DHHC domain-containing protein 19, DHHC-19, ZDHHC19

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

ZDHHC19 Antibody (C-term) Blocking peptide - Protein Information

Name ZDHHC19 {ECO:0000303|PubMed:37802024, ECO:0000312|HGNC:HGNC:20713}

Function

Palmitoyltransferase that mediates palmitoylation of proteins, such as RRAS and SQSTM1 (PubMed: [20074548](http://www.uniprot.org/citations/20074548)), PubMed: [37802024](http://www.uniprot.org/citations/37802024)). Catalyzes palmitoylation of RRAS, leading to increased cell viability (PubMed: [20074548](http://www.uniprot.org/citations/20074548)). Acts as a positive regulator of autophagy by mediating palmitoylation of SQSTM1, promoting affinity between SQSTM1 and ATG8 proteins and recruitment of ubiquitinated cargo proteins to autophagosomes (PubMed: [37802024](http://www.uniprot.org/citations/37802024)).

Cellular Location

Golgi apparatus membrane {ECO:0000269|PubMed:20074548, ECO:0000305}; Multi-pass membrane protein. Cytoplasm, perinuclear region

ZDHHC19 Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
