

VILL Antibody (Center) Blocking peptide
Synthetic peptide
Catalog # BP12085c

Specification

VILL Antibody (Center) Blocking peptide - Product Information

Primary Accession [O15195](#)

VILL Antibody (Center) Blocking peptide - Additional Information

Gene ID 50853

Other Names
Villin-like protein, VILL

Format
Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage
Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions
This product is for research use only. Not for use in diagnostic or therapeutic procedures.

VILL Antibody (Center) Blocking peptide - Protein Information

Name VILL

Function
Possible tumor suppressor.

Tissue Location
Ubiquitously expressed in 16 tissues examined.

VILL Antibody (Center) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

VILL Antibody (Center) Blocking peptide - Background

The protein encoded by this gene belongs to the villin/gelsolin family. It contains 6 gelsolin-like repeats and a headpiece domain. It may play a role in actin-bundling. [provided by RefSeq].
