

**LIPM Antibody (C-term) Blocking peptide**  
**Synthetic peptide**  
**Catalog # BP12530b****Specification**

---

**LIPM Antibody (C-term) Blocking peptide - Product Information**Primary Accession [Q5VYY2](#)**LIPM Antibody (C-term) Blocking peptide - Additional Information****Gene ID** 340654**Other Names**

Lipase member M, 311-, Lipase-like abhydrolase domain-containing protein 3, LIPM, LIPL3

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**LIPM Antibody (C-term) Blocking peptide - Protein Information****Name** LIPM**Synonyms** LIPL3**Function**

Plays a highly specific role in the last step of keratinocyte differentiation. May have an essential function in lipid metabolism of the most differentiated epidermal layers.

**Cellular Location**

Secreted.

**Tissue Location**

Exclusively expressed in the epidermis within the granular keratinocytes.

**LIPM Antibody (C-term) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.
