

PAGE5 Antibody (C-term) Blocking peptide

Synthetic peptide Catalog # BP12792b

Specification

PAGE5 Antibody (C-term) Blocking peptide - Product Information

Primary Accession

096GU1

PAGE5 Antibody (C-term) Blocking peptide - Additional Information

Gene ID 90737

Other Names

P antigen family member 5, PAGE-5, Cancer/testis antigen 161, CT161, G antigen family E member 1, Prostate-associated gene 5 protein, PAGE5, GAGEE1

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

PAGE5 Antibody (C-term) Blocking peptide - Protein Information

Name PAGE5

Synonyms GAGEE1

PAGE5 Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

• Blocking Peptides

PAGE5 Antibody (C-term) Blocking peptide - Background

This gene is a member of the GAGE family, which isexpressed in a variety of tumors and in some fetal and reproductivetissues. The protein encoded by this gene shares a sequencesimilarity with other GAGE/PAGE proteins. It may also belong to afamily of CT (cancer-testis) antigens. Multiple alternativelyspliced transcript variants encoding distinct isoforms have beenfound for this gene, but the biological validity of some variantshave not been determined.
