

**OR13F1 Antibody (C-term) Blocking peptide**  
**Synthetic peptide**  
**Catalog # BP13257b****Specification**

---

**OR13F1 Antibody (C-term) Blocking peptide - Product Information**Primary Accession [Q8NGS4](#)**OR13F1 Antibody (C-term) Blocking peptide - Additional Information****Gene ID** 138805**Other Names**

Olfactory receptor 13F1, Olfactory receptor OR9-6, OR13F1

**Target/Specificity**

The synthetic peptide sequence used to generate the antibody AP13257b was selected from the C-term region of OR13F1. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**OR13F1 Antibody (C-term) Blocking peptide - Protein Information****Name** OR13F1**Function**

Odorant receptor.

**Cellular Location**

Cell membrane; Multi-pass membrane protein.

**OR13F1 Antibody (C-term) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

**OR13F1 Antibody (C-term) Blocking peptide - Background**

Olfactory receptors interact with odorant molecules in the nose, to initiate a neuronal response that triggers the perception of a smell. The olfactory receptor proteins are members of a large family of G-protein-coupled receptors (GPCR) arising from single coding-exon genes. Olfactory receptors share a 7-transmembrane domain structure with many neurotransmitter and hormone receptors and are responsible for the recognition and G protein-mediated transduction of odorant signals. The olfactory receptor gene family is the largest in the genome. The nomenclature assigned to the olfactory receptor genes and proteins for this organism is independent of other organisms.
