

C1orf116 Antibody (C-term) Blocking peptide
Synthetic peptide
Catalog # BP13321b**Specification**

C1orf116 Antibody (C-term) Blocking peptide - Product InformationPrimary Accession [Q9BW04](#)**C1orf116 Antibody (C-term) Blocking peptide - Additional Information****Gene ID** 79098**Other Names**

Specifically androgen-regulated gene protein, SARG, C1orf116

Target/Specificity

The synthetic peptide sequence used to generate the antibody AP13321b was selected from the C-term region of C1orf116. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

C1orf116 Antibody (C-term) Blocking peptide - Protein Information**Name** SARG**Synonyms** C1orf116**Function**

Putative androgen-specific receptor.

Cellular Location

Cytoplasm.

Tissue Location

Highly expressed in prostate.

C1orf116 Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
