

IRGC Antibody (Center) Blocking peptide
Synthetic peptide
Catalog # BP13403c**Specification**

IRGC Antibody (Center) Blocking peptide - Product InformationPrimary Accession [Q6NXR0](#)**IRGC Antibody (Center) Blocking peptide - Additional Information****Gene ID** 56269**Other Names**

Interferon-inducible GTPase 5, 365-, Immunity-related GTPase cinema 1, IRGC, IIGP5, IRGC1

Target/Specificity

The synthetic peptide sequence used to generate the antibody AP13403c was selected from the Center region of IRGC. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

IRGC Antibody (Center) Blocking peptide - Protein Information**Name** IRGC**Synonyms** IIGP5, IRGC1**IRGC Antibody (Center) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.
