

TRIM45 Antibody (C-term) Blocking peptide
Synthetic peptide
Catalog # BP13645b**Specification**

TRIM45 Antibody (C-term) Blocking peptide - Product InformationPrimary Accession [Q9H8W5](#)**TRIM45 Antibody (C-term) Blocking peptide - Additional Information****Gene ID** 80263**Other Names**

Tripartite motif-containing protein 45, RING finger protein 99, TRIM45, RNF99

Target/Specificity

The synthetic peptide sequence used to generate the antibody AP13645b was selected from the C-term region of TRIM45. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

TRIM45 Antibody (C-term) Blocking peptide - Protein Information**Name** TRIM45**Synonyms** RNF99**Function**

E3 ubiquitin-protein ligase that plays a role in the regulation of inflammatory response (PubMed:36681779). Mechanistically, mediates the 'Lys-48'-linked polyubiquitination of TAB2, a regulatory protein of the kinase TAK1, leading to its degradation via the proteasomal pathway and inhibition of the TLR-mediated inflammatory immune response (PubMed:36681779). May act as a transcriptional repressor in mitogen-activated protein kinase signaling pathway.

Cellular Location

Cytoplasm. Nucleus

Tissue Location

Expressed in skeletal muscle, brain, heart and pancreas.

TRIM45 Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- [Blocking Peptides](#)

TRIM45 Antibody (C-term) Blocking peptide - Images**TRIM45 Antibody (C-term) Blocking peptide - Background**

This gene encodes a member of the tripartite motif family. The encoded protein may function as a transcriptional repressor of the mitogen-activated protein kinase pathway. Alternatively spliced transcript variants have been described.
