

DUSP15 Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP14568c**Specification**

DUSP15 Antibody (Center) Blocking Peptide - Product InformationPrimary Accession [Q9H1R2](#)**DUSP15 Antibody (Center) Blocking Peptide - Additional Information****Gene ID** 128853**Other Names**

Dual specificity protein phosphatase 15, VH1-related member Y, Vaccinia virus VH1-related dual-specific protein phosphatase Y, DUSP15, C20orf57, VHY

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

DUSP15 Antibody (Center) Blocking Peptide - Protein Information**Name** DUSP15 ([HGNC:16236](#))**Function**

May dephosphorylate MAPK13, ATF2, ERBB3, PDGFRB and SNX6 (PubMed:22792334).

Cellular Location

Cytoplasm.

Tissue Location

Highly expressed in testis (PubMed:15138252). Expressed in brain; up-regulated in patients with multiple sclerosis gray matter lesions (PubMed:22792334).

DUSP15 Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

DUSP15 Antibody (Center) Blocking Peptide - Images**DUSP15 Antibody (Center) Blocking Peptide - Background**

The protein encoded by this gene belongs to the non-receptor class of the protein-tyrosine phosphatase family. The encoded protein has both protein-tyrosine phosphatase activity and serine/threonine-specific phosphatase activity, and therefore is known as a dual specificity phosphatase. Three transcript variants encoding two different isoforms have been found for this gene.
