

**Mouse Camkv Antibody (N-term) Blocking Peptide**  
**Synthetic peptide**  
**Catalog # BP14781a****Specification**

---

**Mouse Camkv Antibody (N-term) Blocking Peptide - Product Information**Primary Accession [Q3UHL1](#)**Mouse Camkv Antibody (N-term) Blocking Peptide - Additional Information****Gene ID** 235604**Other Names**

CaM kinase-like vesicle-associated protein, Camkv

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**Mouse Camkv Antibody (N-term) Blocking Peptide - Protein Information****Name** Camkv**Function**

Does not appear to have detectable kinase activity.

**Cellular Location**

Cell membrane; Peripheral membrane protein. Cytoplasmic vesicle membrane; Peripheral membrane protein. Note=Predominantly observed in association with the plasma membrane of soma and in neurites, both axons and dendrites. May be associated with vesicular structures (By similarity).

**Mouse Camkv Antibody (N-term) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Blocking Peptides](#)

**Mouse Camkv Antibody (N-term) Blocking Peptide - Images****Mouse Camkv Antibody (N-term) Blocking Peptide - Background**

Does not appear to have detectable kinase activity.
