

PRL Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP14917b

Specification

PRL Antibody (C-term) Blocking Peptide - Product Information

Primary Accession [P01236](#)

PRL Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 5617

Other Names

Prolactin, PRL, PRL

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

PRL Antibody (C-term) Blocking Peptide - Protein Information

Name PRL

Function

Prolactin acts primarily on the mammary gland by promoting lactation.

Cellular Location

Secreted.

PRL Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
