

# **HKDC1 Antibody (C-term) Blocking Peptide**

Synthetic peptide Catalog # BP16912b

### **Specification**

### **HKDC1** Antibody (C-term) Blocking Peptide - Product Information

Primary Accession Q2TB90
Other Accession NP 079406.3

## HKDC1 Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 80201

### **Other Names**

Putative hexokinase HKDC1, Hexokinase domain-containing protein 1, HKDC1

#### **Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

### **Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

#### **Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

### HKDC1 Antibody (C-term) Blocking Peptide - Protein Information

Name HKDC1 (HGNC:23302)

### **Function**

Catalyzes the phosphorylation of hexose to hexose 6- phosphate, although at very low level compared to other hexokinases (PubMed:<a href="http://www.uniprot.org/citations/30517626" target="\_blank">30517626</a>). Has low glucose phosphorylating activity compared to other hexokinases (PubMed:<a href="http://www.uniprot.org/citations/30517626" target="\_blank">30517626</a>). Involved in glucose homeostasis and hepatic lipid accumulation. Required to maintain whole-body glucose homeostasis during pregnancy; however additional evidences are required to confirm this role (By similarity).

### **Cellular Location**

Cytoplasm. Mitochondrion membrane; Peripheral membrane protein. Photoreceptor inner segment {ECO:0000250|UniProtKB:Q91W97}. Note=The mitochondrial-binding peptide (MBP) region promotes association with the mitochondrion

### **Tissue Location**

Widely expressed (PubMed:27459389, PubMed:29401404). Highly expressed in the brush border, surface epithelium and the myenteric plexus of the small and large intestines; the acinar centrocytes and interlobular ducts of the pancreas; and the alveolar macrophages in the lungs (at

protein level) (PubMed:29401404) Present at moderate level in the thyroid follicular epithelium (at protein level) (PubMed:29401404).

# **HKDC1** Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

• Blocking Peptides
