

#### FAM46C Antibody (Center) Blocking Peptide Synthetic peptide

Catalog # BP17621c

## Specification

# FAM46C Antibody (Center) Blocking Peptide - Product Information

Primary Accession

### <u>Q5VWP2</u>

# FAM46C Antibody (Center) Blocking Peptide - Additional Information

Gene ID 54855

**Other Names** Protein FAM46C, FAM46C

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage** Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions** This product is for research use only. Not for use in diagnostic or therapeutic procedures.

## FAM46C Antibody (Center) Blocking Peptide - Protein Information

Name TENT5C (HGNC:24712)

#### **Function**

Catalyzes the transfer of one adenosine molecule from an ATP to an mRNA poly(A) tail bearing a 3'-OH terminal group and enhances mRNA stability and gene expression (PubMed:<a href="http://www.uniprot.org/citations/32009146" target="\_blank">32009146</a>, PubMed:<a href="http://www.uniprot.org/citations/28931820" target="\_blank">28931820</a>, PubMed:<a href="http://www.uniprot.org/citations/34048638" target="\_blank">34048638</a>). Can also elongate RNA oligos ending with uridine molecule, provided that the sequence is adenosine-rich (PubMed:<a href="http://www.uniprot.org/citations/34048638" target="\_blank">34048638</a>). Can also elongate RNA oligos ending with uridine molecule, provided that the sequence is adenosine-rich (PubMed:<a href="http://www.uniprot.org/citations/34048638" target="\_blank">34048638</a>). Mainly targets mRNAs encoding endoplasmic reticulum- targeted protein (PubMed:<a href="http://www.uniprot.org/citations/28931820" target="\_blank">28931820</a>).

**Cellular Location** 

Nucleus. Cytoplasm. Cytoplasm, cytoskeleton, microtubule organizing center, centrosome Note=Recruited into the centrosome through its interaction with PLK4

## FAM46C Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

### FAM46C Antibody (Center) Blocking Peptide - Background

FAM46C belongs to the FAM46 family. The exact function of FAM46C remains unknown.
