ARGFX Antibody (Center) Blocking Peptide

Synthetic peptide
Catalog # BP17681c

Specification

ARGFX Antibody (Center) Blocking Peptide - Product Information

Primary Accession A6NJG6

ARGFX Antibody (Center) Blocking Peptide - Additional Information

Gene ID 503582

Other Names
Arginine-fifty homeobox, ARGFX

Format
Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage
Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions
This product is for research use only. Not for use in diagnostic or therapeutic procedures.

ARGFX Antibody (Center) Blocking Peptide - Protein Information

Name ARGFX (HGNC:30146)

Function
Transcription factor that acts as activator.

Cellular Location
Nucleus {ECO:0000255|PROSITE-ProRule:PRU00108}.

Tissue Location
Expressed at low level in testis and undifferentiated embryonic stem cells.

ARGFX Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Blocking Peptides
