LARP1B Antibody (C-term) Blocking Peptide

Synthetic peptide
Catalog # BP17692b

Specification

LARP1B Antibody (C-term) Blocking Peptide - Product Information

Primary Accession Q659C4

LARP1B Antibody (C-term) Blocking Peptide - Additional Information

Gene ID 55132

Other Names
La-related protein 1B, La ribonucleoprotein domain family member 1B, La ribonucleoprotein domain family member 2, La-related protein 2, LARP1B, LARP2

Format
Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage
Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions
This product is for research use only. Not for use in diagnostic or therapeutic procedures.

LARP1B Antibody (C-term) Blocking Peptide - Protein Information

Name LARP1B

Synonyms LARP2

LARP1B Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

- Blocking Peptides

LARP1B Antibody (C-term) Blocking Peptide - Background

This gene encodes a protein containing domains found inthe La related protein of Drosophila melanogaster. Lamotif-containing proteins are thought to be RNA-binding proteins,where the La motif and adjacent amino acids fold into an RNArecognition motif. The La motif is also found in proteins unrelatedto the La protein. Alternative splicing has been observed at thislocus and three variants, encoding distinct isoforms, aredescribed. Additional splice variation has been identified

but thefull-length nature of these transcripts has not been determined.
