

LBH Antibody (Center) Blocking Peptide

Synthetic peptide Catalog # BP18004c

Specification

LBH Antibody (Center) Blocking Peptide - Product Information

Primary Accession

Q53QV2

LBH Antibody (Center) Blocking Peptide - Additional Information

Gene ID 81606

Other Names

Protein LBH, hLBH, LBH

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

LBH Antibody (Center) Blocking Peptide - Protein Information

Name LBH (HGNC:29532)

Function

Transcriptional activator which may act in mitogen-activated protein kinase signaling pathway.

Cellular Location

Nucleus. Cytoplasm

Tissue Location

Highly expressed in heart, and expressed at low levels in placenta, lung, skeletal muscle, kidney and liver

LBH Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

• Blocking Peptides
