

FEZF2 Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP18011c**Specification**

FEZF2 Antibody (Center) Blocking Peptide - Product InformationPrimary Accession [Q8TBJ5](#)**FEZF2 Antibody (Center) Blocking Peptide - Additional Information****Gene ID** 55079**Other Names**

Fez family zinc finger protein 2, Forebrain embryonic zinc finger-like protein 2, Zinc finger protein 312, Zinc finger protein Fez-like, FEZF2, FEZL, ZNF312

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

FEZF2 Antibody (Center) Blocking Peptide - Protein Information**Name** FEZF2**Synonyms** FEZL, ZNF312**Function**

Transcription repressor. Required for the specification of corticospinal motor neurons and other subcerebral projection neurons. May play a role in layer and neuronal subtype-specific patterning of subcortical projections and axonal fasciculation. Controls the development of dendritic arborization and spines of large layer V pyramidal neurons. May be involved in innate immunity (By similarity).

Cellular Location

Nucleus.

FEZF2 Antibody (Center) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
