

LIPT2 Antibody (N-term) Blocking Peptide Synthetic peptide

Catalog # BP18194a

Specification

LIPT2 Antibody (N-term) Blocking Peptide - Product Information

Primary Accession

<u>A6NK58</u>

LIPT2 Antibody (N-term) Blocking Peptide - Additional Information

Gene ID 387787

Other Names

Putative lipoyltransferase 2, mitochondrial, Lipoate-protein ligase B, Lipoyl/octanoyl transferase, Octanoyl-[acyl-carrier-protein]-protein N-octanoyltransferase, LIPT2

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions This product is for research use only. Not for use in diagnostic or therapeutic procedures.

LIPT2 Antibody (N-term) Blocking Peptide - Protein Information

Name LIPT2 (HGNC:37216)

Function

Catalyzes the transfer of endogenously produced octanoic acid from octanoyl-acyl-carrier-protein (octanoyl-ACP) onto the lipoyl domains of lipoate-dependent enzymes such as the protein H of the glycine cleavage system (GCSH) (PubMed:28757203). Lipoyl-ACP can also act as a substrate although octanoyl-ACP is likely to be the physiological substrate (By similarity).

Cellular Location Mitochondrion

LIPT2 Antibody (N-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
