

#### PLGLA Antibody (N-term) Blocking Peptide Synthetic peptide

Catalog # BP19025a

## Specification

# PLGLA Antibody (N-term) Blocking Peptide - Product Information

Primary Accession

#### <u>Q15195</u>

## PLGLA Antibody (N-term) Blocking Peptide - Additional Information

**Other Names** 

Plasminogen-like protein A, Plasminogen-like protein A1, Plasminogen-related protein A, PLGLA, PLGLA1, PLGP2, PRGA

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions** This product is for research use only. Not for use in diagnostic or therapeutic procedures.

## PLGLA Antibody (N-term) Blocking Peptide - Protein Information

Name PLGLA

Synonyms PLGLA1, PLGP2, PRGA

Function

May bind non-covalently to lysine binding sites present in the kringle structures of plasminogen. This may interfere with the binding of fibrin or alpha-2-antiplasmin to plasminogen and may result in the localization of activity at sites necessary for extracellular matrix destruction (By similarity).

Cellular Location Secreted.

Tissue Location Expressed in liver...

## PLGLA Antibody (N-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
