

PLP2 Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP19520b

Specification

PLP2 Antibody (C-term) Blocking Peptide - Product Information

PLP2 Antibody (C-term) Blocking Peptide - Additional Information

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

PLP2 Antibody (C-term) Blocking Peptide - Protein Information

PLP2 Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

PLP2 Antibody (C-term) Blocking Peptide - Background

This gene encodes an integral membrane protein that localizes to the endoplasmic reticulum in colonic epithelial cells. The encoded protein can multimerize and may function as an ion channel. A polymorphism in the promoter of this gene may be linked to an increased risk of X-linked mental retardation. A pseudogene of this gene is found on chromosome 5.
