

# **UBA5 Antibody (Center) Blocking Peptide**

Synthetic peptide Catalog # BP19592c

## **Specification**

## **UBA5** Antibody (Center) Blocking Peptide - Product Information

# **UBA5 Antibody (Center) Blocking Peptide - Additional Information**

#### **Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

### Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

#### **Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

## **UBA5** Antibody (Center) Blocking Peptide - Protein Information

## **UBA5 Antibody (Center) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

### • Blocking Peptides

### **UBA5 Antibody (Center) Blocking Peptide - Background**

This gene encodes a member of the E1-likeubiquitin-activating enzyme family. This protein activatesubiquitin-fold modifier 1, a ubiquitin-like post-translationalmodifier protein, via the formation of a high-energy thioesterbond. Two alternatively spliced transcript variants encoding distinct isoforms have been found for this gene. A pseudogenelocated on chromosome 1 has also been identified. [provided byRefSeq].
