ASMT Antibody (C-term) Blocking Peptide
Synthetic peptide
Catalog # BP19666b

Specification

ASMT Antibody (C-term) Blocking Peptide - Product Information

ASMT Antibody (C-term) Blocking Peptide - Additional Information

Format
Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage
Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions
This product is for research use only. Not for use in diagnostic or therapeutic procedures.

ASMT Antibody (C-term) Blocking Peptide - Protein Information

ASMT Antibody (C-term) Blocking Peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.

ASMT Antibody (C-term) Blocking Peptide - Background

This gene belongs to the methyltransferase superfamily,and is located in the pseudoautosomal region (PAR) at the end ofthe short arms of the X and Y chromosomes. The encoded enzymecatalyzes the final reaction in the synthesis of melatonin, and isabundant in the pineal gland. Alternatively spliced transcriptvariants have been noted for this gene.
