

KITLG Blocking Peptide (C-term) Synthetic peptide Catalog # BP21252b

### Specification

## KITLG Blocking Peptide (C-term) - Product Information

**Primary Accession** 

<u>P21583</u>

## KITLG Blocking Peptide (C-term) - Additional Information

Gene ID 4254

Other Names Kit ligand Mast cell growth fac

Kit ligand, Mast cell growth factor, MGF, Stem cell factor, SCF, c-Kit ligand, Soluble KIT ligand, sKITLG, KITLG, MGF, SCF

**Target/Specificity** The synthetic peptide sequence is selected from aa 201-214 of HUMAN KITLG

#### Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage** Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions** This product is for research use only. Not for use in diagnostic or therapeutic procedures.

# KITLG Blocking Peptide (C-term) - Protein Information

Name KITLG (HGNC:6343)

Synonyms MGF, SCF

#### Function

Ligand for the receptor-type protein-tyrosine kinase KIT. Plays an essential role in the regulation of cell survival and proliferation, hematopoiesis, stem cell maintenance, gametogenesis, mast cell development, migration and function, and in melanogenesis. KITLG/SCF binding can activate several signaling pathways. Promotes phosphorylation of PIK3R1, the regulatory subunit of phosphatidylinositol 3-kinase, and subsequent activation of the kinase AKT1. KITLG/SCF and KIT also transmit signals via GRB2 and activation of RAS, RAF1 and the MAP kinases MAPK1/ERK2 and/or MAPK3/ERK1. KITLG/SCF and KIT promote activation of STAT family members STAT1, STAT3 and STAT5. KITLG/SCF and KIT promote activation of PLCG1, leading to the production of the cellular signaling molecules diacylglycerol and inositol 1,4,5-trisphosphate. KITLG/SCF acts synergistically with other cytokines, probably interleukins.

**Cellular Location** 

[Isoform 1]: Cell membrane; Single-pass type I membrane protein [Soluble KIT ligand]: Secreted.

## KITLG Blocking Peptide (C-term) - Protocols

Provided below are standard protocols that you may find useful for product applications.
