

### **LHPP Blocking Peptide (Center)**

Synthetic peptide Catalog # BP22044c

### **Specification**

### LHPP Blocking Peptide (Center) - Product Information

Primary Accession O9H008
Other Accession O0VD18

### LHPP Blocking Peptide (Center) - Additional Information

### **Gene ID 64077**

#### **Other Names**

Phospholysine phosphohistidine inorganic pyrophosphate phosphatase, hLHPP, 3.1.3.-, 3.6.1.1, LHPP

### **Target/Specificity**

The synthetic peptide sequence is selected from aa 104-116 of HUMAN LHPP

### **Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

#### **Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

### **Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

### LHPP Blocking Peptide (Center) - Protein Information

### Name LHPP

#### **Function**

Phosphatase that hydrolyzes imidodiphosphate, 3- phosphohistidine and 6-phospholysine. Has broad substrate specificity and can also hydrolyze inorganic diphosphate, but with lower efficiency (By similarity).

# **Cellular Location**

Cytoplasm. Nucleus

### **Tissue Location**

Expressed in brain, and at lower levels in liver and kidney. Detected in thyroid (at protein level). Expressed in liver, kidney and moderately in brain.

# **LHPP Blocking Peptide (Center) - Protocols**

Provided below are standard protocols that you may find useful for product applications.

### • Blocking Peptides
