

**RSLAB Antibody (Center) Blocking Peptide**  
**Synthetic peptide**  
**Catalog # BP5263c****Specification**

---

**RSLAB Antibody (Center) Blocking Peptide - Product Information**

Primary Accession [Q96S79](#)

**RSLAB Antibody (Center) Blocking Peptide - Additional Information**

**Gene ID** 91608

**Other Names**

Ras-like protein family member 10B, Ras-like protein VTS58635, Ras-related protein 17, RRP17, RASL10B

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**RSLAB Antibody (Center) Blocking Peptide - Protein Information**

**Name** RASL10B

**Function**

May facilitate the release of atrial natriuretic peptide by cardiomyocytes and hence play a role in the regulation of arterial pressure.

**Cellular Location**

Cell membrane; Lipid-anchor; Cytoplasmic side

**Tissue Location**

Expressed at high levels in skeletal muscle and, at much lower levels, in heart, brain and pancreas

**RSLAB Antibody (Center) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

**RSLAB Antibody (Center) Blocking Peptide - Images**

**RSLAB Antibody (Center) Blocking Peptide - Background**

The function of this protein has not been specifically defined.
