

**SPERT Antibody (N-term) Blocking peptide**  
**Synthetic peptide**  
**Catalog # BP5649a****Specification**

---

**SPERT Antibody (N-term) Blocking peptide - Product Information**

Primary Accession [Q8NA61](#)  
Other Accession [NP\\_689932.1](#)

**SPERT Antibody (N-term) Blocking peptide - Additional Information**

**Gene ID** 220082

**Other Names**

Spermatid-associated protein, Protein chibby homolog 2, SPERT, CBY2

**Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

**Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**SPERT Antibody (N-term) Blocking peptide - Protein Information**

**Name** CBY2 ([HGNC:30720](#))

**Synonyms** SPERT

**Tissue Location**

Testis-specific..

**SPERT Antibody (N-term) Blocking peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.
