

EBPL Antibody (C-term) Blocking peptide
Synthetic peptide
Catalog # BP5735b**Specification**

EBPL Antibody (C-term) Blocking peptide - Product Information

Primary Accession [O9BY08](#)
Other Accession [NP_115954.1](#)

EBPL Antibody (C-term) Blocking peptide - Additional Information

Gene ID 84650

Other Names

Emopamil-binding protein-like, Emopamil-binding-related protein, EBPL, EBRP, ERP

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

EBPL Antibody (C-term) Blocking peptide - Protein Information

Name EBPL

Synonyms EBRP, ERP

Function

Does not possess sterol isomerase activity and does not bind sigma ligands.

Cellular Location

Endoplasmic reticulum membrane; Multi-pass membrane protein

Tissue Location

Widely expressed with highest levels in liver, lung and kidney.

EBPL Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
