

# Clorf186 Antibody (C-term) Blocking peptide

Synthetic peptide Catalog # BP5963b

### **Specification**

### Clorf186 Antibody (C-term) Blocking peptide - Product Information

Primary Accession Other Accession <u>Q6ZWK4</u> NP 001007545.1

## Clorf186 Antibody (C-term) Blocking peptide - Additional Information

Gene ID 440712

#### **Other Names**

Uncharacterized protein Clorf186, Clorf186

#### **Format**

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

### **Storage**

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

#### **Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

### Clorf186 Antibody (C-term) Blocking peptide - Protein Information

Name RHEX (HGNC:25341)

### **Function**

Acts as a signaling transduction factor of the EPO-EPOR signaling pathway promoting erythroid cell differentiation (PubMed:<a href="http://www.uniprot.org/citations/25092874" target="blank">25092874</a>).

#### **Cellular Location**

Cell membrane; Single-pass membrane protein

### **Tissue Location**

Expressed in the proerythroblasts (at protein level) (PubMed:25092874). Expressed strongly in the kidney (PubMed:25092874). Expressed weakly in the pancreas, liver and lung (PubMed:25092874). Expressed strongly in erythroid progenitor cells (EPCs) (PubMed:25092874). Expressed weakly in T-cells and neutrophils (PubMed:25092874).

### Clorf186 Antibody (C-term) Blocking peptide - Protocols

Provided below are standard protocols that you may find useful for product applications.
