

WDSUB1 Antibody (Center) Blocking Peptide
Synthetic peptide
Catalog # BP8816c**Specification**

WDSUB1 Antibody (Center) Blocking Peptide - Product InformationPrimary Accession [Q8N9V3](#)**WDSUB1 Antibody (Center) Blocking Peptide - Additional Information****Gene ID** 151525**Other Names**

WD repeat, SAM and U-box domain-containing protein 1, WDSUB1, WDSAM1

Target/Specificity

The synthetic peptide sequence used to generate the antibody [AP8816c](/products/AP8816c) was selected from the Center region of human WDSUB1. A 10 to 100 fold molar excess to antibody is recommended. Precise conditions should be optimized for a particular assay.

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

WDSUB1 Antibody (Center) Blocking Peptide - Protein Information**Name** WDSUB1**Synonyms** WDSAM1**WDSUB1 Antibody (Center) Blocking Peptide - Protocols**

Provided below are standard protocols that you may find useful for product applications.

WD repeat-containing proteins are those that contain 4 or more copies of the WD-repeat (tryptophan-aspartate repeat), a sequence motif approximately 31 amino acids long, that encodes a structural repeat. There are two isoforms of WDSUB1.
