

**Human PGF cDNA Clone**  
**Human cDNA**  
**Catalog # DC00666****Specification**

---

**Human PGF cDNA Clone - Product Information**

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Primary Accession    | <a href="#">BC001422</a>                            |
| Other Accession      | <a href="#">BC001422</a> , <a href="#">BC017706</a> |
| Tag For Purification | <b>BamHI+XhoI</b>                                   |
| Vector               | <b>pcDNA4/TO/myc-His A</b>                          |
| Orf Size             | <b>510</b>                                          |

**Human PGF cDNA Clone - Additional Information**

|                                          |             |
|------------------------------------------|-------------|
| Gene ID                                  | <b>5228</b> |
| Gene Symbol                              | <b>PGF</b>  |
| <b>Other Names</b>                       |             |
| D12S1900, PGFL, PLGF, PIGF-2, SHGC-10760 |             |

**Format**

The cDNA clone is shipped as dried plasmid DNA.

**Storage**

Maintain refrigerated at 2-8°C for up to one week. For long term storage store at -20°C

**Precautions**

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

**Human PGF cDNA Clone - Protocols**

Provided below are standard protocols that you may find useful for product applications.

- [Western Blot](#)
- [Blocking Peptides](#)
- [Dot Blot](#)
- [Immunohistochemistry](#)
- [Immunofluorescence](#)
- [Immunoprecipitation](#)
- [Flow Cytometry](#)
- [Cell Culture](#)
