

MBP (83-99)

Synthetic Peptide Catalog # SP2660a

Specification

MBP (83-99) - Product Information

Primary Accession Other Accession Sequence P25188 P25274, P02687, P81558, P06906, P02688 NH2-ENPVVHFFKNIVTPRTP-COOH

MBP (83-99) - Additional Information

Other Names

Myelin basic protein, MBP, MBP

Format

Peptides are lyophilized in a solid powder format. Peptides can be reconstituted in solution using the appropriate buffer as needed.

Storage

Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C.

Precautions

This product is for research use only. Not for use in diagnostic or therapeutic procedures.

MBP (83-99) - Protein Information

Name MBP

Function

Is, with PLP, the most abundant protein component of the myelin membrane in the CNS. Has a role in both the formation and stabilization of this compact multilayer arrangement of bilayers. Each splice variant and charge isomer may have a specialized function in the assembly of an optimized, biochemically functional myelin membrane (By similarity).

Cellular Location

Myelin membrane; Peripheral membrane protein; Cytoplasmic side. Note=Cytoplasmic side of myelin

Tissue Location

Found in both the central and the peripheral nervous system
